- 7. To add them as a gallery...

you will get this separate dialog box where you click the select file button in the middle to add them from your computer

now you'll get the dialog box that lets you pick files from your PC. If you hold shift, that is how you upload them all at once for a gallery

from here, if the images you want to add are on your computer... you'll click the select files button in the middle of the screen

This will bring up a dialog box to find the image(s) on your computer.

After you pick the file from your computer, watch it load and then scroll down to see the info below the image (if you don't see all this, click SHOW next to the uploaded image).

## will fit in the post. I suggest a smaller one, like Medium. Lastly, click INSERT into post.

It will look like this in the page before it's published.

## 9. Now you need to add a POST IMAGE... VERY IMPORTANT

you will need to paste a web URL in this line below the big text box area. You probably want to use an images from our MEDIA LIBRARY... to do so, click UPLOAD/INSERT again.

### Once you clicked show... it will open a bunch of info about that media.

HIGHLIHT AND COPY (ctrl-c) ALL THE TEXT IN THE LINK URL... and close this window with the X in the upper right corner.

The last part of Adding the POST IMAGE is then pasting that web address in the post image URL spot below the main text area...

NOW YOUR NEWSTORY HAS A PICTURE TO GO WITH IT...

10. Last couple steps... check off BLOG POSTS on the right side of the page, and then click PUBLISH

# After you clicked publish... a yellow bar with the text VIEW POST will appear... click it to view your post on the site to make sure everything looks great.
